Creating & Using Purchasing Templates

If you have a group of items that you purchase routinely, you can set up a "Template" to make the data entry portion of entering an order easier and less time consuming.

First, you must enter an order as described above. When all items are entered, go back to the "Enter Order Info" tab. Enter a comment that will help you identify this template.

Then simply press "Save as Template". This order is now available for you to use as a starting point on a future order.
