

Counterbalance Kit for Big Gun® Sprinklers

Install countebalance kit to help balance the Big Gun on severely sloping terrain.

Specify:

100CBK for SR75 and SR100 Big Guns

150CBK for F150 & SR150 Big Guns

200CBK for F200 & SR200 Big Guns

- Easy to install bolt-on metal counterweight. No special tools required.
- Achieves even rotation rate of sprinkler when riser is tilted at an angle.
- Minimizes any brake variations. Reduces stress on lower unit bearings and seals.
- Retrofits existing guns in the field.
