

## BLUETOOTH® SECURITY

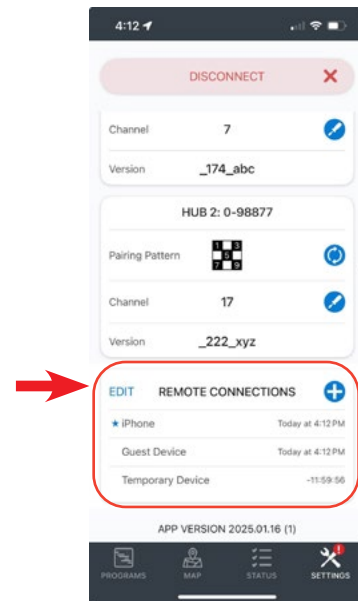

The Twig-MC (controller) is equipped with a security feature to prevent unwanted access to the Twig-MC over Bluetooth® (nearby) connections. The “BLE lock” switch on the Twig-MC circuit board (see Fig. 1) disables the bluetooth functionality. With the switch enabled (in the “ON” position), users cannot pair a mobile device to the controller over bluetooth.

## REMOTE SECURITY

The BLE lock switch does not have any effect on internet connection or remote access to the Twig-MC. A list of devices that have been granted remote access can be viewed in the “Settings” menu of the Twig-MC app. While connected to the Twig-MC in “nearby” mode, devices can be removed or added to the list of approved devices in this menu (see Fig. 2).

**Fig. 1.** The BLE Lock switch is located on the circuit board on the right side of the Twig-MC, just above the internal clock backup battery. When the switch is in the “ON” position, the Bluetooth® is locked and inactive.

**Fig. 2.** Devices that have remote access (via the internet) are listed in the settings menu of the Twig-MC app, under “Remote Connections”.

Nelson products are warranted for one year from date of original sale to be free of defective materials and workmanship when used within the working specifications for which the product was designed and under normal use and service. The manufacturer assumes no responsibility for installation, removal or unauthorized repair. The manufacturer's liability under this warranty is limited solely to replacement or repair of defective parts, and the manufacturer will not be liable for any crop or other consequential damages resulting from any defects in design or breach of warranty. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSES and of all other obligations or liabilities of manufacturer. No agent, employee or representative of the manufacturer has authority to waive, alter or add to the provisions of warranty, nor to make representations or warranty not contained herein.

See [www.nicpat.com](http://www.nicpat.com) for a list of patent numbers.
